RE: Waitlist

Due to extraordinary budget pressure experienced by the State of Missouri, Department of Mental Health, and Division of Developmental Disabilities, no funding to expand participation in the DD waivers is available for the upcoming fiscal year beginning 7/1/2020. Until further notice, no additional individuals may be removed from the waitlists by offering participation in the Partnership for Hope, Community Support or Comprehensive waivers. New individuals qualifying for waiver services will continue to be added to the wait list.

New participants, whose funding costs are covered through Inter-Divisional Agreements and those whose participation is mandated by federal rule, will continue to have access to waiver services.

The Missouri Children with Developmental Disabilities (MOCDD) waiver will continue to be managed as usual.

Individuals who are currently participating in any waiver will continue to be able to do so.

We look forward to being able to open up further participation in our waiver services when funds become available.

Any questions regarding this memorandum should be directed to your local Regional Office Director or Assistant Director.
